ginwright examines the role of community based organizations cbos in the lives and development of black urban youth the author argues that these organizations have the potential to provide a powerful influence in how young people choose to participate in schooling and civic life ginwright bases his observations on a five year study of a cbo he created in oakland california the book shows readers that the lives of poor black urban youth are not quite as determined by locale and income as more deterministic readings have argued and that there is real hope for positive change in these urban communities

uses extensive evidence to examine the tea party and its impacts from its infancy through to its decline

this book examines the causes of a growing wave of digital activism across developing countries arguing that it is driven by social change rather than technological advancement alone beginning with an investigation into the modernization of middle income countries and its ramifications for political culture the book examines large scale social media protest during political controversies in indonesia the book connects empirical evidence to classic theories of value change and political behaviour it departs from a narrow digital divide framing whereby internet access produces internet activism it introduces the concepts of digital self expression and of middle class struggles to capture the value stratified nature of political engagement in the online sphere drawing on a blend of big data text analyses representative opinion research and socioeconomic household analyses a rich picture of the determinants of digital activism emerges this truly cross disciplinary book will appeal particularly to students and scholars in political science sociology international development and communication but also to anyone eager to learn about political activism social transformation and new media from a global perspective

this book explores the extent to which women have been initiators mobilizers and driving forces of social transformation in china the book considers how conceptions of women s roles have changed as china has moved from state socialism to engagement with capitalist globalization examines the growth of women s gender and sexual

consciousness and social movements for women's rights including for marginalized social and sex gender groups and discusses women's roles in society state interactions including many forms of social activism cultural events educational innovations and more overall the book demonstrates that women have not simply been passive receivers of the consequences of the forces of global capitalism but that they have had a profound active impact on social transformation in china

rethinking arab american activism analyzes the long overlooked political activities of arab americans in the united states uncovering a rich history that dispels common misconceptions that arab american activism emerged only in the aftermath of the september 11 attacks of 2001 pennock chronicles how the arab israeli wars of 1967 and 1973 galvanized a wave of secular leftist activism grassroots organizing in cities like detroit and the formation of organizations such as the organization of arab students and the association of arab american university graduates illustrated this era of political awakening in the 1960s and 1970s these groups formed coalitions with african americans and other minority groups and arab american activism transitioned into more mainstream political realms during the 1980s and 1990s to address civil rights anti imperialism and anti discrimination efforts following september 11 arab americans faced increased scrutiny and discrimination but also found new avenues for activism and coalition building by shedding light on the enduring and diverse contributions of arab americans to us socio political landscapes this book also explores the legacy of that period of organizing for contemporary justice activism on palestinian rights this volume provides a comprehensive yet concise history for readers interested in arab american history the history of social movements and activism and contemporary american history

this book examines the emerging maritime security scene in southeast asia it considers highly topical implications for the region of possible strategic competition between china and india the rising naval powers of asia with a possible naval arms race emerging between these countries both with naval force development and operations as part of its look east policy india has deployed naval units to the pacific ocean for port visits and exercises both with east asian navies and the us navy but india is also concerned about the possibility of the chinese navy operating in the indian ocean even as the us india defence relationship continues to deepen the us and china are struggling to build a

closer links china s and india s strategic interests overlap in this region both in maritime strategic competition or conflict which might be played out in the bay of bengal the malacca and singapore straits and the south china sea the sea lines of communication slocs through southeast asian waters constitute vital choke points between the indian and pacific oceans carrying essential energy supplies for china and other northeast asian countries any strategic competition between china and india has implications for other major maritime players in the pacific and indian oceans especially australia the republic of korea and japan as well as the us this book identifies possible cooperative and confidence building measures that may contribute to enhanced relations between these two major powers and dampen down the risks associated with their strategic competition

the failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation educational equity and healthy adulthood this volume brings together the work of leading urban youth scholars to highlight the detrimental impact of zero tolerance policies on young people s educational experience and well being inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation beyond resistance offers new insights into how to increase the effectiveness of youth development and education programs and how to create responsive youth policies at the local state and federal level

the companion book to the pbs series a timeline and chronicle of the fifty years of black history in the u s in more than 350 photos beginning with the assassination of malcolm x in february 1965 and still i rise explores a half century of the african american experience more than fifty years after the passage of the civil rights act and the birth of black power the united states has had a black president and black ceos running fortune 500 companies as well as a large black underclass beset by persistent poverty inadequate education and an epidemic of incarceration harvard professor and scholar henry louis gates jr raises disturbing and vital questions about this dichotomy how did the african american community end up encompassing such profound contradictions and what will the black community mean tomorrow gates takes readers through the major historical events and untold stories of the years that have irrevocably shaped both the african american experience and the nation as a whole from the explosive social and

political changes of the 1960s into the 1970s and 1980s eras characterized by both prosperity and neglect through the turn of the century to today taking measure of such racial flashpoints as the tawana brawley case oj simpson s murder trial the murders of amadou diallo and trayvon martin and debates around the nypd s stop and frisk policies even as it surveys the political and social evolution of black america and still i rise is also a celebration of the accomplishments of black artists musicians writers comedians and thinkers who have helped to define american popular culture and to change our world the chronology is richly illustrated with images both iconic and seldom seen making this especially useful as a visual reference for readers too young to have scenes from the early years burned into their memories a poignant reminder of how far we have come and have yet to go kirkus reviews

sociologist and anthropologist blanchard chronicles the evolution of the anti abortion movement in the us from the modest efforts mostly by priests and other catholics in the 1960s through the major liberalizing court decisions to the volatile and often violent

protests of the 1990s he says the single most important development has been the merging of the movement with the conservative political ideology of cultural fundamentalism paper edition unseen 14 95 annotation copyright by book news inc portland or

eight prominent scholars consider whether louis hartz s interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of america as a liberal society is still a rewarding undertaking

organizations such as the sierra club and friends of the earth are familiar to anyone with an interest in environmental protection as activist groups they played by the same rules for years but in 1994 the rules changed with the republican takeover of congress environmental groups faced sweeping changes in federal policies that threatened the enforcement of environmental laws as these organizations intensified their efforts to meet these challenges they also altered their electoral strategies and political spending patterns this book traces those actions and shows what they mean for the future of environmentalism in the political arena while environmental advocacy groups have become bigger and better funded in recent years so have the corporate interests that compete with them for the attention of public and politicians the green agenda in american politics offers a new look at environmental advocacy that focuses on contemporary lobbying electioneering and agenda setting in this new context drawing on interviews with activists from a wide range of organizations robert duffy describes what environmental groups actually do when lobbying officials or the public he examines activity at both national and state levels to emphasize their growing use of websites email and action alert networks to conduct more sophisticated grassroots campaigns and he shows how they are devoting more funds to unregulated forms of spending such as independent expenditure issue advocacy advertising and public education campaigns duffy also tracks emerging trends in interest group politics and provides an overview of activism through the early 1990s he then documents the emergence of more aggressive action after 1994 such as providing campaign services to candidates and mounting voter registration drives he also shows how state and local groups have begun to play more important roles in the wake of the rollback of federal environmental regulations brimming with new insights into interest group lobbies in general and contemporary environmental

groups in particular duffy s book opens a new window on the influence of big money in the supposedly democratic electoral process
